GOD SAVE THE KING.

*From the Secretary of State for the Colonies to His Excellency the Governor General.*

DOWNING STREET, 2nd December, 1901.

SIR,—I have the honour to inform you that in consequence of the establishment of Martial Law at all British South African Ports, it has been decided with the concurrence of the Governments of the Cape Colony and Natal that after 1st January, 1902, persons desiring to land in those Colonies must provide themselves with a permit.

2. I enclose a copy of a notice on the subject, which has been published in this country, together with a specimen of the permit which is being issued here.

3. You will observe that it has been announced that passengers from Colonial ports must supply themselves with permits from the Colonial Secretary or some officer appointed by the Colonial Government, who will satisfy himself as far as possible that the applicants fulfil the conditions laid down. The necessary steps are also being taken with regard to Indian ports.

4. The arrangement to be followed by the Permit Office in this country is that each permit will be made out in triplicate, one copy for the use of the applicant, one for record in the office and the third to be despatched by the earliest opportunity to the officer at the port to which the passenger is proceeding, viz., the Embarkation Officer at Capetown, the Commandant at Port Elizabeth, the Commandant at East London, and the Embarkation Officer at Durban respectively, and I have to request that the same course may be adopted in the case of any permits issued to persons proceeding to South Africa from the Colony under your Government. A copy of the Natal Act to which allusion is made in the Permit is enclosed.

5. His Majesty's Government rely upon the special assistance of your Government in this matter, as there is entire agreement among the authorities in South Africa that the measure is necessary, with the object of preventing the influx of undesirable persons into South Africa at the present time.

I have the honour to be,  
Sir,  
Your most obedient, humble Servant,  
J. CHAMBERLAIN.

#### NOTICE.

In consequence of the establishment of Martial Law at all South African ports, it has been decided with the concurrence of the Governments of the Cape Colony and Natal that on and after the 1st January, 1902, permits will be required by every person proceeding to Cape Colony or Natal, to enable him (or her) to enter those Colonies, and no person unprovided with such permit will be allowed by the authorities in South Africa to land in that country, except under special circumstances.

Application must be made in person at the Permit Office, 39, Victoria Street, S.W., between the hours of 11 a.m. and 5 p.m., on and after the 2nd December, 1901, and should be made at least three weeks before the date of sailing. Permits will be issued with as little delay as possible, but the office cannot guarantee their issue within a period of less than three weeks from the date of application.

Each applicant will be required to produce a certificate, signed by the Agent General for the Cape Colony or Natal, a Member of Parliament, Justice of Peace, Banker, Parish Priest or Minister, or Officer of H. M. Forces, to the effect that he is in possession of at least £100 or is in a position to maintain himself on arrival in South Africa, that the object of his journey, viz.:—

is *bonâ fide*, and that he has not been deported or sent out of that country as indigent.

Subjects of Foreign Powers, who may wish to proceed to South Africa from ports in the United Kingdom, can obtain a permit on production of satisfactory evidence to the same effect from their respective Embassies or Legations in London.

Passengers from ports not in the United Kingdom must supply themselves with permits from the Colonial Secretary or some officer appointed by the Colonial Government in the case of Colonial ports, or from the British Consular Officer at a foreign port of embarkation, who will satisfy himself, as far as possible, that the applicants fulfil the above conditions.

Members of a family proceeding to South Africa will be shewn on the permit issued to its head, provided that a separate permit will be required for each son or daughter over 16 years of age.

It should be clearly understood that these permits are available only to enable passengers to land in South Africa, and are no guarantee that they will be allowed to proceed inland. Those who wish to do so must apply for permits at the port of disembarkation. The latter are warned that there are still thousands of persons waiting at the coast ports for an opportunity to return to their homes, who will probably have precedence over later arrivals.

## NOTICE TO MARINERS.

No. 104 of 1901.

## DOMINION OF CANADA—ONTARIO.

## I. HAND FOG-HORN AT THESSALON LIGHTSTATION.

A hand fog-horn has been established at the above lightstation on Thessalon point, on the north side of North channel, Lake Huron. It is used to answer signals from steamers in the vicinity of the station in thick weather.

This notice affects Canadian list of lights and fog signals, 1901, No. 1370.

## II. DETROIT RIVER ENTRANCE—WRECK OFF BAR POINT.

The Hydrographer of the United States Navy gives notice that the sunken wreck of the schooner "Mt. Blanc" lies in 17 feet of water about 1 mile east from Bar point lighthouse at the mouth of Detroit river, northward of the regular track of vessels, but still in a bad place for small vessels which cut across the point.

The masts and bow of the wreck are above water and there are 5 feet of water over the deck amidships.

NOTE—This wreck will be stripped and abandoned as a total loss.

This notice affects Admiralty charts Nos. 490, 332 and 678; and U. S. Hydrographic Office publication, No. 108, 1896, page 144.

## III. ST. LAWRENCE RIVER UNCHARTED SHOAL NEAR MACNAIR ISLAND.

The Hydrographer of the United States Navy gives notice of the existence of an uncharted shoal, with but 13½ feet of water over it, midway between Macnair island and the Canadian shore below Brockville, abreast of Morristown, New York.

The shoal is a rocky ledge about 100 feet long and 85 feet wide between 18-foot contours.

This notice affects Admiralty charts Nos. 2789g, 259b and 797; and St. Lawrence pilot, vol. 1, 1894, page 346.

## UNITED STATES OF AMERICA—GREAT LAKES.

The Hydrographer of the United States Navy publishes the following information:—

## LAKE SUPERIOR.

## IV. TWO HARBOURS—GENERAL INFORMATION.

The following information relating to Agate bay or Two harbours, Minnesota, has been received from the Branch Hydrographic office, Duluth, under date 9th October, 1901:—

The extension of the east breakwater has been built nearly up to full height, excepting a gap of 50 feet,

where a crib was destroyed by a vessel and not yet replaced. This extension is now a prominent object and readily seen in ordinary weather. A *white* light is maintained throughout each night at the outer end of the extension on a mast 14 feet above Lake Superior. The *fixed red* light at the outer end of the old portion of the breakwater was moved 35 feet eastward from its former position during the week ending 15th June, 1901. Vessels can remain in the harbour during severe storms.

Fair means are afforded vessels passing Two harbours to test the accuracy of their compasses owing to the fact that the streets of the village run in a true north-south direction and the avenues true west-east. These parallel indentures can be easily distinguished in clear weather at a distance of  $8\frac{7}{10}$  (10) miles from shore.

From lakeward the alignment of the streets bears N.  $\frac{5}{8}$  W. (north true) and the avenues W.  $\frac{5}{8}$  S. (west true).

On account of considerable (but vaguely known) local attraction near the shore, a ship should be 5 miles from land when using this convenience for compass correction.

This notice affects Admiralty chart No. 320; and U. S. Hydrographic Office publication No. 108, 1896, page 30.

#### V. PORTAGE LAKE SHIP CANAL—LAKE SUPERIOR ENTRANCE—BREAKWATERS COMPLETED—PROVISIONAL LIGHTS EXHIBITED.

Information dated 24th October, 1901, has been received from the Branch Hydrographic office at Duluth that the breakwaters protecting the Lake Superior entrance to Portage lake ship canals have been completed.

Notice is given that lights similar to those heretofore maintained by the contractor will be maintained by the Lighthouse board on the ends of the east and west breakwaters, at the Lake Superior entrance to the Portage lake ship canal, until a more permanent arrangement has been established.

These are *white* lantern lights shown from small iron masts 5 feet above the tops of the breakwaters.

This notice affects Admiralty chart No. 320; and U. S. Hydrographic office publication No. 108, 1896, page 20.

#### VI. PORTAGE RIVER—CHANGE IN POSITION OF POST LIGHT No. 0.

On account of the dredging going on in Portage river, Michigan, post light No. 0 has been moved 52 feet E.  $\frac{1}{8}$  N. (east true) and 20 feet N.  $\frac{1}{8}$  W. (north true) from its established position, and no longer marks a range astern with Portage river range front light, but marks the eastern side of the channel.

This notice affects Admiralty chart No. 320; and U. S. Hydrographic office publication No. 108, page 20.

#### VII. ONTONAGON PIER HEAD LIGHT—EXPERIMENTAL HAND FOG HORN ESTABLISHED.

On 1st November, 1901, an experimental hand fog horn will be established in connection with the Ontonagon pierhead light.

Hereafter, when a vessel's fog signal is heard in the offing, the fog horn will sound blasts of about 10 seconds' duration, followed by silent intervals of about 10 seconds, and will be kept sounding as long as the vessel's fog signals are heard.

This fog horn can be heard under favourable conditions a distance of about 3 miles, and will be used to assist vessels in entering the harbour during a fog, and to warn vessels approaching too near the shore, but must not be depended upon as a regular fog signal for vessels bound along the coast.

This notice affects Admiralty chart No. 320; and U. S. Hydrographic office publication No. 108, 1896, page 19.

#### VIII. SHOAL SOUTHWEST OF STANNARD ROCK LIGHTHOUSE.

Information dated 24th October, 1901, has been received through the Branch Hydrographic office at Duluth that when sounding from the U. S. lighthouse

tender "Marigold" a depth of 7 fathoms of water was found in a position from which Stannard rock lighthouse bears about S. W. (S. 47° W. true), distant  $4\frac{1}{8}$  (5) miles.

This notice affects Admiralty chart No. 320; and U. S. Hydrographic office publication No. 108, 1896 page 25.

#### IX. SUNKEN WRECK OF STEAMER "W. M. DRAKE" WESTWARD OF WHITEFISH POINT.

Information has been received that the wreck of the steamer "W. M. Drake" lies about  $1\frac{7}{10}$  (2) miles from the shore in about 35 feet of water and about 6 (7) miles westward from Whitefish point, Michigan.

This wreck has about 5 feet of water over the hull, and being near the course of steamers, care should be taken in passing this point as the wreck is not yet buoyed.

Notice will be given when a buoy is established on this wreck.

This notice affects Admiralty chart No. 320; and U. S. Hydrographic Office publication No. 108, 1896, page 28.

#### X. CLEVELAND—CABLE LAID TO OUTER CRIB No. 3.

Information dated 2nd November, 1901, has been received from the Branch Hydrographic office at Cleveland that the Water Works Department at Cleveland has laid a cable from a landing place about 200 feet west of Waverly street to the West waterworks crib, thence to the waterworks intake (outer crib No. 3).

Vessels are requested not to anchor on this line.

This notice affects Admiralty charts Nos. 322 and 678; and U. S. Hydrographic Office publication No. 108, 1896, page 160.

#### XI. ERIE HARBOUR ENTRANCE—CHANGE IN POSITION OF BUOYS.

On 14th October, 1901, outer black spar buoy No. 1, which marks the south side of the entrance to the channel in Presque Isle bay, Lake Erie, was established about 300 feet W.N.W.  $\frac{5}{8}$  W. (N. 79° W. true) from its former position; at the same time, to better mark the inner end of the channel into Presque Isle bay, inner black spar buoy No. 7 was established about 375 feet S.W.  $\frac{5}{8}$  W. (S. 48° W. true) from its previous location.

This notice affects Admiralty charts Nos. 332 and 678; and U. S. Hydrographic office publication No. 108, 1896, page 165.

#### LAKE ONTARIO.

#### XII. CHARLOTTE HARBOUR ENTRANCE—GENESEE RANGE FRONT LIGHT—INCREASE IN ARC OF ILLUMINATION.

On or about 31st October, 1901, the arc of illumination of this fixed red light, located on the west pier, entrance to Charlotte harbour, mouth of the Genesee river, southern shore of Lake Ontario, will be increased from 180° to 270°.

The light will then be visible from all points of approach from the lake.

This notice affects Admiralty charts Nos. 1152 and 678; and U. S. Hydrographic Office publication No. 108, 1896, page 185.

F. GOURDEAU,

Deputy-Minister of Marine and Fisheries.

Department of Marine and Fisheries,  
Ottawa, Canada, 27th November, 1901.

## II. PORT MAITLAND LIGHT.

The fixed red light, shown from the outer end of the westerly breakwater, Port Maitland, (Green Cove), western coast of Nova Scotia, will hereafter be kept lit until the 31st December each year, instead of being extinguished on the 15th November, as heretofore.

This notice affects Sailing directions for the south-east coast of Nova Scotia and Bay of Fundy, 1894, page 240 ; and Canadian list of lights and fog signals, 1901, No. 128.

## I. STAG ISLAND SHOAL LIGHT.

The temporary light established on the shoal extending south from Stag island, River St. Clair, described in part 3 of notice to mariners No. 32 of 1901, to replace the pole light carried away by ice, as reported in part 1 of notice to mariners No. 20 of 1901, was on the 12th July, 1901, replaced by a stronger light shown from a more permanent structure established by the Government of Canada.

The light is shown from a pressed glass lens lantern hoisted on a mast, with a small shed at its base, the mast and shed painted white: they stand upon a platform built on a pile foundation. The platform is elevated 4 feet above the summer level of the river, and the mast is 11 feet high.

At the upstream end of the platform from which the light is exhibited a pile work icebreaker has been built.

The light is fixed white, elevated 14 feet above the level of the river. It should be visible 4 miles in every direction, except where obstructed by the mast.

This notice affects Admiralty charts Nos. 330, 332 and 678 ; Sailing directions for the Great Lakes and connecting waters, 1896, (United States Hydrographic office publication No. 108), page 137 ; and Canadian list of lights and fog signals, 1901, No. 1232.

## II. DETOUR PASSAGE—CRAB ISLAND SHOAL BUOYED.

The United States lighthouse board gives notice that Crab island shoal buoy, No. 0, a red spar, was established, 1st October, 1901, in 24 feet water, about 50 feet to the westward of a boulder recently discovered off the westerly end of Crab Island shoal, at the entrance to Detour passage.

From the buoy Barbed point bears N.E.  $\frac{1}{4}$  N. (N.E. true) ; Detour lighthouse W.  $\frac{3}{4}$  S. (W. by S. true) : and Frying-Pan island lighthouse N.  $\frac{3}{4}$  W. (N. by W. true).

The boulder, with but 13  $\frac{1}{2}$  feet of water over it, lies about 1300 feet to the eastward of the range line made by Frying-Pan island, and Pipe island lighthouses, and warning is given not to approach the Drummond island shore at this point, as there are many boulders in this vicinity with less than 20 feet water over them.

This notice affects Admiralty charts Nos. 909, 3014, 519 and 678 ; and United States Hydrographic office publication No. 108, 1896, page 47.

## ST. CLAIR RIVER.

## III. RUSSELL ISLAND SHOAL—TEMPORARY FLOATING LIGHT ESTABLISHED.

## NOTICE TO MARINERS.

No. 107 of 1901.

## DOMINION OF CANADA—QUEBEC.

## I. CHANGE IN QUEBEC HARBOUR RANGE LIGHTS.

A large elevator has been erected on the west side of the Princess Louise basin, in the harbour of Quebec, and a marine tower, in connection therewith, has been erected on the cross wall, between the wet dock and the tidal basin. This marine tower intercepted the light from the two fixed red lights maintained on the Battery, at the foot of Ste. Famille street, which formed the back light of the Quebec harbour range. It was consequently necessary to discontinue, in November, 1900, the maintenance of these two fixed red electric arc lights and to establish a fixed red electric arc light on the east face of the above-described marine tower.

This light is shown from an electric arc lamp suspended from brackets at a height of 103 feet above high water mark. The marine tower is 113 feet high from the top of the cross wall to the top of the roof. It is a wooden building, not painted, covered with galvanized iron. The elevator, which is 255 feet distant from it, is a wooden building sheathed with galvanized iron.

The new back light is distant 1690 feet W.S.W. (S. 49° 30' W. true) from the front light on the N.E. corner of Princess Louise embankment, which has not been changed. Note that it is on the extreme corner of the embankment, and not where shown on Admiralty chart No. 315.

The two lights in one, bearing W. S. W., lead up the harbour to the Commissioners' wharf clear of Beaufort bank on the starboard and Point Levis shoal on the port hand.

This notice affects Admiralty charts Nos. 315, 319 and 2830a; St. Lawrence pilot, Vol. I, 1894, page 307; and Canadian list of lights and fog signals, 1901, No. 812.

## II. GREENLY ISLAND—POSITION OF LIGHTHOUSE.

The correct position of Greenly island lighthouse, Strait of Belle Isle, as obtained from the latest determination by the British Admiralty, is as follows:

This notice affects Admiralty charts Nos. 1631, 779, 282, 284, 232b and 2516; and Canadian list of lights and fog signals, 1901, No. 639.

Long. W. 56° 50' 28"

This notice affects Admiralty charts Nos. 1631, 779, 282, 284, 232b and 2516; and Canadian list of lights and fog signals, 1901, No. 637.

In all other respects the light will remain as heretofore.

This notice affects Admiralty charts Nos. 1857, 464, 2013, 352, 1651, 2492 and 2670; Sailing directions for the southeast coast of Nova Scotia and Bay of Fundy, 1894, page 293; and Canadian list of lights and fog signals, 1901, No. 26.

## III. CANNING.—PILE BEACONS.

Six day beacons have been established by the Government of Canada on the sides of the channel of Canard creek to indicate the best water in the approach to Canning, Kings County, Nova Scotia. Each beacon consists of three piles driven in a cluster and chained together at the top; they extend 10 feet above the surface of high water spring tides. There are two beacons on the port hand entering and four beacons on the starboard hand; the uppermost 5 feet of each beacon is painted; starboard beacons red: port beacons black; below the paint all the beacons are white-washed.

The outermost beacon is a port beacon established at a sharp bend in the channel northeastwardly from Porter point; this beacon is surmounted by a barrel painted black.

Lat. N. 45° 9' 0"  
Long. W. 64° 22' 40"

The other beacons mark turns in the tortuous channel between the above described point and the wharves in the village of Canning.

## NOTICE TO MARINERS.

No. 109 of 1901.

## DOMINION OF CANADA—QUEBEC.

## I. POINTE À BASILE RANGE LIGHTS AND DAY BEACON.

The two range light buildings at Pointe à Basile on the south shore of the River St. Lawrence above Quebec, referred to in notice to mariners No. 85 of 1900, have been completed, and the lights put in operation.

The front range tower, standing on the high ground of Pointe à Basile, 260 feet east from the extremity of the point, is a square wooden building with sloping sides, painted white, and surmounted by an octagonal iron lantern, painted red. The tower is 49 feet high from its base to the top of the ventilator on the lantern.

The light is a fixed white light, elevated 93 feet above high water mark, and should be visible 15 miles from all points of approach by water. The illuminating apparatus is catoptric.

The back range building is a square wooden shed, painted white, erected under a slatted, white, day beacon, and stands on a high hill 4,100 feet E.  $\frac{1}{4}$  S. from the front range tower. The building is 11 feet high.

The light, shown from a window in the face of the building, is a fixed white light, elevated at an estimated height of 200 feet above high water mark, and should be visible 20 miles in the line of range. The illuminating apparatus is catoptric.

The above-mentioned back range day beacon is rectangular, slatted, 14 feet wide by 18 feet high, supported on two posts standing 30 feet above the ground. It is painted white.

This notice affects Admiralty charts Nos. 2775 and 2830a; Montreal Harbour Commissioners' ship channel charts, sheets 21 and 22; St. Lawrence pilot, vol. I, 1894, page 337; and Canadian list of lights and fog signals, 1901, Nos. 813 and 814.

## NEWFOUNDLAND.

## II. ST. JOHNS LEADING LIGHTS AND DAY MARKS.

Notice is given by the Government of Newfoundland that the upper leading light has been removed to, and in future will be shown from the tower of the Congregational church. The spire of this tower will in future form a day mark, which will be readily seen just clear of the eastern side of the square towers of the Roman Catholic cathedral.

The old heart-shaped upper day marks are discontinued.

The structure carrying the lower light and day mark (all painted white) has been removed 33 feet westerly from its former position, and is now placed 301 feet from the head of the eastern pier of the King's wharf. In all other respects it remains unchanged.

Both upper and lower lights are red, as heretofore.

This notice affects Admiralty charts Nos. 298, 2902, 296, 232a and 2666; and Newfoundland and Labrador pilot, 1897, page 422.

## DÉPÊCHES, Etc.

*Du Secrétaire d'Etat pour les Colonies à Son Excellence le Gouverneur Général.*

DOWNING STREET, 2 décembre 1901.

MONSIEUR,—J'ai l'honneur de vous informer qu'en conséquence de l'établissement de la loi martiale à tous les ports britanniques dans le Sud-Africain, il a été décidé avec le concours du gouvernement de la Colonie du Cap et de Natal, qu'après le premier de janvier 1902 les personnes désirant débarquer dans ces colonies devront se munir d'un permis.

2. Je joins copie d'un avis à ce sujet, qui a été publié dans ce pays, ainsi qu'un modèle de permis qui est délivré ici.

3. Vous observerez qu'il a été annoncé que les passagers de ports coloniaux doivent se munir de permis du secrétaire colonial ou quelque fonctionnaire nommé par le gouvernement colonial qui s'assurera, dans la mesure du possible, que les requérants remplissent les conditions ci-dessus. Les mesures nécessaires ont aussi été prises au sujet des ports indiens.

4. L'arrangement à suivre par le bureau des permis en ce pays est que chaque permis sera fait en triplicata, une copie pour l'usage du requérant, une restera dans le bureau de délivrance, et la troisième sera envoyée par la première occasion à l'officier du port auquel le passager se rend, c'est-à-dire, l'officier d'embarquement à Capetown, le commandant à Port Elizabeth, le commandant à East London, et l'officier d'embarquement à Durban respectivement, et j'ai à vous prier d'en agir ainsi dans le cas de permis délivrés à des personnes dans la colonie que vous administrez, qui se rendent au Sud-Africain. Un exemplaire de l'Acte de Natal mentionné dans le permis est ci-joint.

5. Le gouvernement de Sa Majesté compte avec confiance sur l'aide spéciale de votre gouvernement dans cette affaire, vu que toutes les autorités dans le Sud-Africain reconnaissent que cette mesure est nécessaire pour empêcher que des personnes qui ne sont pas désirables entrent dans le Sud-Africain en ce temps-ci.

J'ai l'honneur d'être, monsieur,  
Votre très humble serviteur.

J. CHAMBERLAIN.

#### AVIS.

En conséquence de l'établissement de la loi martiale à tous les ports sud-africains, il a été décidé avec le concours du gouvernement de la Colonie du Cap et de Natal, que dès et à compter du premier de janvier 1902, chaque personne se rendant à la Colonie du Cap sera obligée de se munir d'un permis pour pouvoir entrer dans ces colonies, et les autorités du Sud-Africain ne permettront à personne qui n'aura pas de permis de débarquer dans ce pays-là, sauf dans des circonstances spéciales.

Les demandes de permis devront être faites en personne au bureau des permis, 39 Victoria Street, S.W., entre 11 a.m. et 5 p.m., à compter du 2 décembre 1901, et devront être présentées au moins trois semaines avant la date du départ. Les permis seront délivrés aussitôt que possible, mais le bureau ne peut garantir leur délivrance dans moins de trois semaines de la date de la demande.

Chaque requérant sera tenu de produire un certificat signé par l'agent général pour la Colonie du Cap ou Natal, un député au parlement, un juge de paix, un banquier, un membre du clergé, un ministre ou un officier des troupes de Sa Majesté comportant que le requérant est en possession d'au moins £100, ou est en état de pourvoir à ses besoins dans le Sud-Africain, que le but de son voyage (ce but doit être spécifié) est de bonne foi et qu'il n'a pas été déporté ou renvoyé du Sud-Africain comme indigent.

Les sujets de puissances étrangères qui désireraient partir de ports dans le Royaume-Uni, pour se rendre à des ports sud-africains, peuvent obtenir un permis de leurs ambassades ou légations respectives à Londres, en faisant la déclaration prescrite plus haut.

Les passagers de ports non dans le Royaume-Uni doivent obtenir des permis du secrétaire colonial ou

quelque fonctionnaire nommé par le gouvernement colonial dans le cas de ports coloniaux, ou de l'officier consulaire britannique à un port étranger d'embarquement, qui s'assurera dans la mesure du possible, que les requérants remplissent les conditions voulues.

Les membres d'une famille se rendant au Sud-Africain, seront désignés dans le permis délivré au chef, mais un permis distinct sera requis pour chaque fils et fille au-dessus de 16 ans.

Qu'il soit bien compris que ces permis ne servent qu'à permettre aux passagers de débarquer dans le Sud-Africain, et ne sont pas une garantie qu'ils auront la permission de se rendre dans l'intérieur. Ceux qui désireront pénétrer dans l'intérieur du pays devront demander des permis au port de débarquement. Ces derniers sont avertis qu'il y a encore des milliers de personnes attendant aux ports du littoral une occasion de se rendre à leurs demeures, qui probablement auront préséance sur les derniers arrivés.

DOWNING STREET,  
30 novembre 1901,

MONSIEUR,—C'est avec beaucoup de plaisir que j'ai  
l'honneur de vous transmettre, pour publication dans  
la colonie que vous administrez, copie de la proclama-  
tion royale qui prescrit l'ajouté à faire, en reconnais-

sance des possessions de Sa Majesté au delà des mers,  
aux titres et qualité appartenant à la Couronne impé-  
riale du Royaume-Uni et ses dépendances.

Il est à remarquer que cet ajouté aux titres royaux  
doit dorénavant être employé autant que possible en  
toutes occasions et dans tous les instruments dans les-  
quels les titres royaux sont employés.

Un exemplaire du *Royal Titles Act*, 1901, en vertu  
duquel la proclamation a été lancée, est ci-jointe.

J'ai l'honneur d'être,  
Monsieur,  
Votre très humble serviteur,

J. CHAMBERLAIN.

A l'administrateur du  
gouvernement du Canada.

PAR LE ROI.

### PROCLAMATION.

EDOUARD R.I.

CONSIDÉRANT qu'un acte a été passé en la dernière  
session du parlement, intitulé "An Act to enable  
His Most Gracious Majesty to make an Addition to  
the Royal Style and Titles in recognition of His  
Majesty's Dominions beyond the Seas," lequel acte  
statue qu'il Nous sera loisible, en vue de telle recon-  
naissance comme susdit de Nos possessions au delà des  
mers, par Notre proclamation royale sous le grand  
sceau du Royaume-Uni lancée sous six mois après  
l'adoption du dit acte, de faire tel ajouté aux titres et  
qualité à présent appartenant à la Couronne impériale  
du Royaume-Uni et ses dépendances, qu'il Nous sem-  
blera convenable: et considérant que Nos présents  
titres et qualité sont, en langue latine, "*Edwardus  
VII. Dei Gratia Britanniarum Rex, Fidei Defensor,  
Indiæ Imperator*," et en langue anglaise, "*Edward  
VII., by the Grace of God of the United Kingdom of  
Great Britain and Ireland King, Defender of the Faith,  
Emperor of India*"; Nous avons jugé à propos, par  
et avec l'avis de Notre Conseil privé, de décréter et  
déclarer, et par la présente, par et avec le dit avis,  
Nous décrétons et déclarons que dorénavant, en tant  
que convenable, en toutes occasions et dans tous les  
instruments dans lesquels Nos titres et qualité sont  
employés, l'ajouté suivant sera fait aux titres et qua-  
lité à présent appartenant à la Couronne impériale du  
Royaume-Uni et ses dépendances, c'est-à-dire, en langue  
latine, après le mot "*Britanniarum*," ces mots "*et  
terrarum transmarinarum quæ in ditione sunt Britan-  
nicâ*"; et en langue anglaise, après les mots "*of the  
United Kingdom of Great Britain and Ireland*," ces  
mots "*and of the British Dominions beyond the  
Seas*."

Et de plus, Nous voulons et désirons que toutes  
monnaies d'or, d'argent, et de bronze, qui sont aujour-  
d'hui une monnaie courante et légale du Royaume-  
Uni, et toutes monnaies d'or, d'argent, et de bronze  
qui seront dès et à compter de ce jour, frappées par  
Notre autorité avec les mêmes impressions, soient,  
nonobstant cet ajouté à Nos titres et qualité, censées  
et considérées être une monnaie courante et légale  
du dit Royaume-Uni; et de plus, que toutes mon-  
naies frappées pour et émises dans aucune des dépen-  
dances du dit Royaume-Uni, et déclarées par Notre  
proclamation être une monnaie courante et légale  
dans ces dépendances, portant respectivement Nos  
titres ou qualité, ou toute partie ou parties d'iceux, et  
toutes monnaies qui seront ci-après frappées et émises  
conformément à cette proclamation, continuent, non-  
obstant cet ajouté, d'être une monnaie courante et  
légale de ces dépendances respectivement, jusqu'à ce  
que Nous en décidions autrement.

Donné à Notre Château, à St. James, ce quatrième  
jour de novembre, mil neuf cent un, et de  
Notre Règne la première.

DIEU PROTÈGE LE ROI.

#### FEU D'ALIGNEMENT POSTÉRIEUR DE STE-EMÉLIE.—SECTEUR AUGMENTÉ.

Le feu montré de la tour de feu d'alignement postérieur de Ste-Emélie, dans le comté de Lotbinière, province de Québec, qui n'était visible que dans l'alignement, a été changé de façon à être vu de tous les points d'approche dans le chenal. Ce changement a été fait pour la commodité des vapeurs cabotiers qui accostent au quai de Ste-Emélie, à l'embouchure de la Grande Rivière du Chêne.

Cet avis concerne les cartes de l'Amirauté Nos. 2778, 2779a, 2830a et 797; les cartes du chenal des navires de Montréal Nos 15 et 16; le *St. Lawrence Pilot*, vol. I, 1894, page 339, et supplément, 1901, page 32; et la Liste des phares et signaux de brume canadiens, 1901, No. 836.

**Tous** les relèvements, à moins d'avis contraire, sont magnétiques et sont donnés venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

## CANADA—QUÉBEC.

## I. CHANGEMENT DANS LES FEUX D'ALIGNEMENT DU HAVRE DE QUÉBEC.

Un grand élévateur a été érigé sur le côté ouest du bassin Princesse Louise, dans le havre de Québec, et une tour marine, s'y rattachant, a été érigée sur le mur transversal, entre le bassin à flot et le bassin de marée. Cette tour marine cache la lumière des deux feux rouges fixes entretenus sur la batterie au pied de la rue Ste-Famille, qui formaient le feu postérieur de l'alignement du havre de Québec. Il est donc devenu nécessaire de supprimer en novembre 1900 l'entretien de ces deux feux rouges électriques à arc, et d'établir un feu rouge fixe électrique à arc sur la façade est de la tour marine ci-dessus décrite.

Ce feu est montré d'une lampe électrique suspendue à une hauteur de 103 pieds au-dessus de la marque des hautes eaux. La tour marine a 113 pieds de hauteur depuis le sommet du mur transversal jusqu'au faite du toit. C'est un bâtiment en bois, non peinturé, couvert de tôle galvanisée. L'élévateur, qui en est séparé de 255 pieds, est un bâtiment en bois, lambrissé de tôle galvanisée.

Le nouveau feu postérieur est à 1690 pieds O. S. O. (S. 49° 30' O. vrai) du feu antérieur sur l'angle N. E. de la levée Princesse Louise, qui n'a pas été changé. Remarquez qu'il est sur l'angle extrême de la levée, et non pas à l'endroit indiqué sur la carte de l'Amirauté No. 315.

Les deux feux l'un dans l'autre, direction O. S. O., guident dans le havre jusqu'au quai des Commissaires, et évitent la batture de Beauport à tribord, et la batture de la Pointe Lévis, à bâbord.

Cet avis concerne les cartes de l'Amirauté Nos. 315, 319 et 2830a; le *St Lawrence Pilot*, vol. I, 1894, page 301; et la Liste des phares et signaux de brume canadiens, 1901, No. 812.

## I. FEUX D'ALIGNEMENT ET BALISE DE JOUR DE LA POINTE À BASILE.

Les deux bâtiments de feux d'alignement à Pointe à Basile, sur la rive sud du fleuve St-Laurent en amont de Québec, mentionnés dans l'Avis aux Navigateurs No. 85 de 1900, ont été complétés, et les feux allumés.

La tour d'alignement antérieure, sise sur la hauteur de la Pointe à Basile, à 260 pieds à l'est de l'extrémité de la pointe, est un bâtiment carré en bois avec côtés en pente, peinturé en blanc, et surmonté d'une lanterne octogone en fer, peinturée en rouge. La tour a 49 pieds de hauteur depuis sa base jusqu'au sommet du ventilateur sur la lanterne.

Le feu est fixe blanc, à 93 pieds au-dessus de la marque des hautes eaux, et devrait être visible à 15 milles de tous les points d'approche pareau. L'appareil lumineux est catoptrique.

Le bâtiment d'alignement postérieur est un appenti carré en bois, peinturé en blanc, érigé sous une balise de jour lattée blanche, et repose sur un coteau élevé à 4,100 pieds E.  $\frac{1}{2}$  S. de la tour d'alignement antérieure. Le bâtiment a 11 pieds de hauteur.

Le feu, montré d'une fenêtre dans la façade du bâtiment est fixe blanc, élevé à environ 200 pieds au-dessus de la marque des hautes eaux, et devrait être visible à 20 milles dans l'alignement. L'appareil lumineux est catoptrique.

La susdite balise de jour d'alignement postérieure est rectangulaire, lattée, large de 14 pieds et haute de 18 pieds, supportée par deux poteaux sortant 30 pieds du sol. Elle est peinturée en blanc.

Cet avis concerne les cartes de l'Amirauté Nos. 2775 et 2830a; les cartes du chenal des navires par les Commissaires du havre de Montréal, feuilles 21 et 22; le *St. Lawrence Pilot*, vol. I, 1894, page 337; et la Liste des phares et signaux de brume canadiens, 1901, Nos. 813 et 814.

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, prennent du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

Greffier du Sénat.

GOD SAVE THE KING.

From the Secretary of State for the Colonies to His Excellency the Governor General.

DOWNING STREET, 2nd December, 1901.

SIR,—I have the honour to inform you that in consequence of the establishment of Martial Law at all British South African Ports, it has been decided with the concurrence of the Governments of the Cape Colony and Natal that after 1st January, 1902, per-

sons desiring to land in those Colonies must provide themselves with a permit.

2. I enclose a copy of a notice on the subject, which has been published in this country, together with a specimen of the permit which is being issued here.

3. You will observe that it has been announced that passengers from Colonial ports must supply themselves with permits from the Colonial Secretary or some officer appointed by the Colonial Government, who will satisfy himself as far as possible that the applicants fulfil the conditions laid down. The necessary steps are also being taken with regard to Indian ports.

4. The arrangement to be followed by the Permit Office in this country is that each permit will be made out in triplicate, one copy for the use of the applicant, one for record in the office and the third to be despatched by the earliest opportunity to the officer at the port to which the passenger is proceeding, viz., the Embarkation Officer at Capetown, the Commandant at Port Elizabeth, the Commandant at East London, and the Embarkation Officer at Durban respectively, and I have to request that the same course may be adopted in the case of any permits issued to persons proceeding to South Africa from the Colony under your Government. A copy of the Natal Act to which allusion is made in the Permit is enclosed.

5. His Majesty's Government rely upon the special assistance of your Government in this matter, as there is entire agreement among the authorities in South Africa that the measure is necessary, with the object of preventing the influx of undesirable persons into South Africa at the present time.

I have the honour to be,

Sir,

Your most obedient, humble Servant,

J. CHAMBERLAIN.

#### NOTICE.

In consequence of the establishment of Martial Law at all South African ports, it has been decided with the concurrence of the Governments of the Cape Colony and Natal that on and after the 1st January, 1902, permits will be required by every person proceeding to Cape Colony or Natal, to enable him (or her) to enter those Colonies, and no person unprovided with such permit will be allowed by the authorities in South Africa to land in that country, except under special circumstances.

Application must be made in person at the Permit Office, 39, Victoria Street, S.W., between the hours of 11 a.m. and 5 p.m., on and after the 2nd December, 1901, and should be made at least three weeks before the date of sailing. Permits will be issued with as little delay as possible, but the office cannot guarantee their issue within a period of less than three weeks from the date of application.

Each applicant will be required to produce a certificate, signed by the Agent General for the Cape Colony or Natal, a Member of Parliament, Justice of Peace, Banker, Parish Priest or Minister, or Officer of H. M. Forces, to the effect that he is in possession of at least £100 or is in a position to maintain himself on arrival in South Africa, that the object of his journey, viz.:—

is *bonâ fide*, and that he has not been deported or sent out of that country as indigent.

Subjects of Foreign Powers, who may wish to proceed to South Africa from ports in the United Kingdom, can obtain a permit on production of satisfactory evidence to the same effect from their respective Embassies or Legations in London.

Passengers from ports not in the United Kingdom must supply themselves with permits from the Colonial Secretary or some officer appointed by the Colonial Government in the case of Colonial ports, or from the British Consular Officer at a foreign port of embarkation, who will satisfy himself, as far as possible, that the applicants fulfil the above conditions.

Members of a family proceeding to South Africa will be shewn on the permit issued to its head, provided that a separate permit will be required for each son or daughter over 16 years of age.

It should be clearly understood that these permits are available only to enable passengers to land in South Africa, and are no guarantee that they will be allowed to proceed inland. Those who wish to do so must apply for permits at the port of disembarkation. The latter are warned that there are still thousands of persons waiting at the coast ports for an opportunity to return to their homes, who will probably have precedence over later arrivals.

#### I. CANSO HARBOUR—HYDROGRAPHIC NOTES.

The following hydrographic notes were made by the Chief Engineer of this Department, as the result of an inspection of Canso harbour, east coast of Nova Scotia, made on 9th July, 1901:—

2. The Methodist church in the town of Canso is distant  $1\frac{1}{2}$  cables S.  $35^{\circ}$  E. from the point where the Wesleyan chapel is shown on Admiralty chart No. 2163. The Wesleyan chapel no longer exists were shown.

3. The Roman Catholic church, also shown on that chart, has been destroyed, and a large new church, the most conspicuous building in Canso, as seen from the water, is built on the hill top at a point  $1\frac{1}{2}$  cables N.  $27^{\circ}$  W. from the site of the old church.

4. The new Roman Catholic church steeple in line with the western extremity of Cutler island, bearing S.  $11^{\circ}$   $15'$  W., leads well to the eastward of Net and Whitman rocks. The clearing mark given on Admiralty chart No. 2163 of the steeple and lighthouse in one should be removed, as, with the church in its new position, they do not lead clear of Bald reef.

5. The signal staff, from which storm warnings are displayed, stands on the hillside 400 feet N.  $27^{\circ}$  W. from the Roman Catholic church.

6. The back beacon, shown on Admiralty chart No. 2163, to lead into the channel east of Cutler island is located on low ground,  $\frac{1}{2}$  cable N.  $8^{\circ}$   $30'$  E. from the point shown on the chart, or in the same alignment as shown. In note "n," on chart No. 2163, the words "Lanigan hill" should be replaced by "on shore."

7. In 1882 a cribwork breakwater, 290 feet long, with the ends and eastward side protected by slopes of heavy stone, was built by the Department of Public Works of Canada on the remains of Grave island to protect the harbour. It extends in the alignment of the beacons, and the front beacon stands on it.

## DÉPÊCHES, Etc.

*Du Secrétaire d'Etat pour les Colonies à Son Excellence le Gouverneur Général.*

DOWNING STREET, 2 décembre 1901.

MONSIEUR,—J'ai l'honneur de vous informer qu'en conséquence de l'établissement de la loi martiale à tous les ports britanniques dans le Sud-Africain, il a été décidé avec le concours du gouvernement de la Colonie du Cap et de Natal, qu'après le premier de janvier 1902 les personnes désirant débarquer dans ces colonies devront se munir d'un permis.

2. Je joins copie d'un avis à ce sujet, qui a été publié dans ce pays, ainsi qu'un modèle de permis qui est délivré ici.

3. Vous observerez qu'il a été annoncé que les passagers de ports coloniaux doivent se munir de permis du secrétaire colonial ou quelque fonctionnaire nommé par le gouvernement colonial qui s'assurera, dans la mesure du possible, que les requérants remplissent les conditions ci-dessus. Les mesures nécessaires ont aussi été prises au sujet des ports indiens.

4. L'arrangement à suivre par le bureau des permis en ce pays est que chaque permis sera fait en triplicata, une copie pour l'usage du requérant, une restera dans le bureau de délivrance, et la troisième sera envoyée par la première occasion à l'officier du port auquel le passager se rend, c'est-à-dire, l'officier d'embarquement à Capetown, le commandant à Port Elizabeth, le commandant à East London, et l'officier d'embarquement à Durban respectivement, et j'ai à vous prier d'en agir ainsi dans le cas de permis délivrés à des personnes dans la colonie que vous administrez, qui se rendent au Sud-Africain. Un exemplaire de l'Acte de Natal mentionné dans le permis est ci-joint.

5. Le gouvernement de Sa Majesté compte avec confiance sur l'aide spéciale de votre gouvernement dans cette affaire, vu que toutes les autorités dans le Sud-Africain reconnaissent que cette mesure est nécessaire pour empêcher que des personnes qui ne sont pas désirables entrent dans le Sud-Africain en ce temps-ci.

J'ai l'honneur d'être, monsieur,  
Votre très humble serviteur.

J. CHAMBERLAIN.

## AVIS.

En conséquence de l'établissement de la loi martiale à tous les ports sud-africains, il a été décidé avec le concours du gouvernement de la Colonie du Cap et de Natal, que dès et à compter du premier de janvier

1902, chaque personne se rendant à la Colonie du Cap sera obligée de se munir d'un permis pour pouvoir entrer dans ces colonies, et les autorités du Sud-Africain ne permettront à personne qui n'aura pas de permis de débarquer dans ce pays-là, sauf dans des circonstances spéciales.

Les demandes de permis devront être faites en personne au bureau des permis, 39 Victoria Street, S.W., entre 11 a.m. et 5 p.m., à compter du 2 décembre 1901, et devront être présentées au moins trois semaines avant la date du départ. Les permis seront délivrés aussitôt que possible, mais le bureau ne peut garantir leur délivrance dans moins de trois semaines de la date de la demande.

Chaque requérant sera tenu de produire un certificat signé par l'agent général pour la Colonie du Cap ou Natal, un député au parlement, un juge de paix, un banquier, un membre du clergé, un ministre ou un officier des troupes de Sa Majesté comportant que le requérant est en possession d'au moins £100, ou est en état de pourvoir à ses besoins dans le Sud-Africain, que le but de son voyage (ce but doit être spécifié) est de bonne foi et qu'il n'a pas été déporté ou renvoyé du Sud-Africain comme indigent.

Les sujets de puissances étrangères qui désireraient partir de ports dans le Royaume-Uni, pour se rendre à des ports sud-africains, peuvent obtenir un permis de leurs ambassades ou légations respectives à Londres, en faisant la déclaration prescrite plus haut.

Les passagers de ports non dans le Royaume-Uni doivent obtenir des permis du secrétaire colonial ou quelque fonctionnaire nommé par le gouvernement colonial dans le cas de ports coloniaux, ou de l'officier consulaire britannique à un port étranger d'embarquement, qui s'assurera dans la mesure du possible, que les requérants remplissent les conditions voulues.

Les membres d'une famille se rendant au Sud-Africain, seront désignés dans le permis délivré au chef, mais un permis distinct sera requis pour chaque fils et fille au-dessus de 16 ans.

Qu'il soit bien compris que ces permis ne servent qu'à permettre aux passagers de débarquer dans le Sud-Africain, et ne sont pas une garantie qu'ils auront la permission de se rendre dans l'intérieur. Ceux qui désireront pénétrer dans l'intérieur du pays devront demander des permis au port de débarquement. Ces derniers sont avertis qu'il y a encore des milliers de personnes attendant aux ports du littoral une occasion de se rendre à leurs demeures, qui probablement auront préséance sur les derniers arrivés.

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, provenant du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

49. (c.) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

## ORDRE PERMANENT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,  
Greffier du Sénat.

## RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revues par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(b.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(c.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51b. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu.—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

### NOTICE TO MARINERS.

No. 117 of 1901.

#### DOMINION OF CANADA—NOVA SCOTIA.

##### I. NEIL COVE.—SOUTH POINT BUOY.

A wooden spar buoy, painted black, established by the Government of Canada, has been maintained since September, 1899, on the eastern end of the shoal extending eastward from South point, southerly from Neil cove, on the north-eastern coast of Cape Breton.

Lat. N. 46° 47' 25"  
Long. W. 60° 18' 30"

The buoy is moored in about 7½ fathoms water, and is taken up on the close of navigation every winter, and replaced again in the spring.

This notice affects Admiralty charts Nos. 2727, 1651 and 2516; and St. Lawrence pilot, Vol. II, 1895, page 282.

#### ENGLAND.

##### II. SOUTH BISHOP—FOG ALARM.

The Trinity House states that it is the intention, on and after 1st January, 1902, to sound a bell at this station, on the west coast of England, in addition to the explosive signal which is fired twice every 15 minutes. The bell will give two strokes in quick succession every 15 seconds.

#### SCOTLAND.

##### III. BELL ROCK—IMPROVEMENT OF LIGHT AND CHANGE IN FOG SIGNAL.

The Commissioners of Northern Lighthouses intend to change the period of the light shown from Bell Rock lighthouse from two minutes to one minute, and to increase the power of the light to 60,000 candles.

While the operations are in progress a temporary light will be shown from the tower of the same character as the improved light will be, viz., red and white flashes alternately, with an interval of 30 seconds between the flashes, but of weak power.

The bells at present rung during fog will be discontinued, and only the explosive signals will be used. While the work is in progress, instead of being fired from an arm raised above the lantern, they will be made by explosive rockets.

Operations at the lighthouse will, it is expected, be begun about the middle of April, and it is hoped they may be completed early in autumn, though this must necessarily depend on the prevailing weather and is therefore uncertain.

F. GOURDEAU,

Deputy-Minister of Marine and Fisheries.

### NOTICE TO MARINERS.

No. 118 of 1901.

#### DOMINION OF CANADA—BRITISH COLUMBIA.

##### I. NANAIMO: GALLOWES POINT; CHANGE IN POSITION OF BEACON LIGHT.

The fixed red light, heretofore shown from the south extremity of the mine refuse dumps on Gallowes point, at the entrance to Nanaimo harbour, eastern coast of Vancouver island, will, on the 31st instant, be discontinued.

On the same date a fixed red light will be established on the north edge of the mud flats, on the southern side of the channel opposite Gallowes point.

Lat. N. 49° 10' 12"  
Long. W. 123° 55' 31"

The fixed red light is elevated 18 feet above high water, and should be visible 3 miles from all points of approach by water. The illuminating apparatus is a pressed glass lens.

The light is shown from a small square wooden tower, 8 feet high, erected on a platform supported by piles. The tower is painted white, and the remainder of the structure black. The piles on which the tower stands are in 6 feet at an ordinary low water.

From the light the spire of the Wesleyan church bears S. 57° W., distant 5,030 feet; and the westerly extreme of Protection island coal wharf and west tangent of Protection island (cliff about 10 feet high) in line bear N. 50° W.

This notice affects Admiralty charts Nos. 573, 2512, 579 and 1917; British Columbia pilot, 1898, page 189; and Canadian list of lights and fog signals, 1901, No. 1503.

##### II. NANAIMO HARBOUR—UNCHARTED ROCK SOUTH OF PROTECTION ISLAND.

Capt. J. T. Walbran, master of D.G.S. "Quadra," reports that a rock of small extent with 17 feet of water on it has been found in Nanaimo harbour, on which two steamers loading coal have recently grounded. The rock lies S. 48° E. about 45 feet distant from the outer southeastern extreme of the coal wharf at Protection island, and close to the 24 feet marked on Admiralty chart No. 573.

This notice affects Admiralty charts Nos. 573, 2512 and 579; and British Columbia pilot, 1898, page 188.

##### III. DRYAD POINT LIGHTSTATION—DWELLING ADDED.

Since the lighthouse was established on Dryad point, Campbell island, northern entrance to Main passage,

Seaforth channel, British Columbia, a keeper's dwelling house has been added to it, which somewhat changes the appearance of the station.

The dwelling house is on the shore side of the tower, and is connected with it by a porch. It is a rectangular wooden building with white walls and a brown roof.

This notice affects British Columbia pilot, 1898, page 412; and Canadian list of lights and fog signals, 1901, No. 1516.

#### IV. ACTIVE PASS—PERIODICITY OF FOG ALARM.

Referring to part I of notice to mariners No. 6 of 1896, further notice is hereby given that in 1898 the characteristic of the steam fog horn maintained at Active pass lightstation, on Georgina point, Mayne island, Strait of Georgina, British Columbia, was changed. It now gives blasts of 10 seconds' duration, with intervals of 50 seconds between the blasts.

This notice affects Admiralty charts Nos. 2840, 3029, 579, 2689 and 1917; British Columbia pilot, 1898, page 129; and Canadian list of lights and fog signals, 1901, No. 1489.

This notice affects Canadian list of lights and fog signals, 1901, No. 1466.

#### JAPAN.

##### VI. SENGAI ROCK—BEACON LIGHT.

The Government of Japan gives notice that during the construction of a beacon light on Sengai rock, southeast of Nasakejima, Province of Surug, a red light elevated 15 feet above the water, recently exhibited, would be shown from a wooden scaffold. Should the light go out by accident there may be some delay in relighting it.

#### NOTICE TO MARINERS.

No. 115 of 1901.

##### DOMINION OF CANADA—NOVA SCOTIA.

###### I. CANSO HARBOUR—HYDROGRAPHIC NOTES.

The following hydrographic notes were made by the Chief Engineer of this Department, as the result of an inspection of Canso harbour, east coast of Nova Scotia, made on 9th July, 1901:—

1. The bell buoy at the north entrance was found to be moored in a position distant  $3\frac{1}{2}$  cables S. 3° 30' W. from the point described in part II of notice to mariners No. 37 of 1900.

2. The Methodist church in the town of Canso is distant  $1\frac{1}{2}$  cables S. 35° E. from the point where the Wesleyan chapel is shown on Admiralty chart No. 2163. The Wesleyan chapel no longer exists were shown.

3. The Roman Catholic church, also shown on that chart, has been destroyed, and a large new church, the most conspicuous building in Canso, as seen from the water, is built on the hill top at a point  $1\frac{1}{2}$  cables N. 27° W. from the site of the old church.

4. The new Roman Catholic church steeple in line with the western extremity of Cutler island, bearing S. 11° 15' W., leads well to the eastward of Net and Whitman rocks. The clearing mark given on Admiralty chart No. 2163 of the steeple and lighthouse in one should be removed, as, with the church in its new position, they do not lead clear of Bald reef.

5. The signal staff, from which storm warnings are displayed, stands on the hillside 400 feet N. 27° W. from the Roman Catholic church.

6. The back beacon, shown on Admiralty chart No. 2163, to lead into the channel east of Cutler island is located on low ground,  $\frac{1}{3}$  cable N. 8° 30' E. from the point shown on the chart, or in the same alignment as shown. In note "n," on chart No. 2163, the words "Lanigan hill" should be replaced by "on shore."

7. In 1882 a cribwork breakwater, 290 feet long, with the ends and eastward side protected by slopes of heavy stone, was built by the Department of Public Works of Canada on the remains of Grave island to protect the harbour. It extends in the alignment of the beacons, and the front beacon stands on it.

8. Man of War rock is marked by a black can buoy moored  $\frac{1}{3}$  cable N. 45° E. from the rock.

This notice affects Admiralty charts Nos. 2163, 2517, 2342 and 729; St. Lawrence pilot, vol II, 1895, pages 264, 266, 269 and 270, and Supplement, 1900, to the sailing directions for the southeast coast of Nova Scotia and Bay of Fundy, page 5.

#### II. GANNET SHOAL BUOY.

It will be maintained each year during the season of navigation, and taken up for the winter in December, and replaced again on the disappearance of ice on the coast in the spring.

This notice affects Admiralty charts Nos. 2518, 2517 and 729; and Sailing directions for the southeast coast of Nova Scotia and Bay of Fundy, 1894, page 51.

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, prennent du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

## ORDRE PERMANENT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(b.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(c.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51b. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débiteures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,  
Greffier des Communes.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL

ON a Memorandum dated 3rd January, 1902, from the Minister of the Interior, representing that Mr. Joseph Fisher, of Millarville, N.W.T., has applied to purchase, under irrigation conditions, the following lands:—

South  $\frac{1}{2}$  Sec. 14 Tp. 20 Rge. 2 West 5th Mer.

North  $\frac{1}{2}$  " 2 " 20 " 2 "

The Minister therefore recommends that he be authorized, under subsection 2, of section 29, ch. 54 Revised Statutes of Canada, to sell the lands above mentioned to Mr. Fisher at the regulation price of \$3.00 an acre, upon the usual terms, subject to his obtaining, under the North West Irrigation Act, a license to divert water to irrigate these lands; and conditionally upon Mr. Fisher bringing fifty per cent of the lands purchased under irrigation.

The Committee submit the same for His Excellency's approval.

The beacon consists of the frustum of a cone in steel, filled with concrete. The top of the beacon is 10 feet in diameter, and rises 10 feet above high water mark. The superstructure consists of an open framework in steel, supporting the fog horn and the incandescent electric lamps. This framework is in the shape of the frustum of a square pyramid. The lamps are 12 feet above the concrete, or 22 feet above high water mark. The whole of the beacon, including the open framework superstructure, is painted black.

### NOTICE TO MARINERS.

No. 117 of 1901.

#### DOMINION OF CANADA—NOVA SCOTIA.

##### I. NEIL COVE.—SOUTH POINT BUOY.

A wooden spar buoy, painted black, established by the Government of Canada, has been maintained since September, 1899, on the eastern end of the shoal extending eastward from South point, southerly from Neil cove, on the north-eastern coast of Cape Breton.

Lat. N. 46° 47' 25"

Long. W. 60° 18' 30"

The buoy is moored in about 7½ fathoms water, and is taken up on the close of navigation every winter, and replaced again in the spring.

This notice affects Admiralty charts Nos. 2727, 1651 and 2516; and St. Lawrence pilot, Vol. II, 1895, page 282.

#### ENGLAND.

##### II. SOUTH BISHOP—FOG ALARM.

The Trinity House states that it is the intention, on and after 1st January, 1902, to sound a bell at this station, on the west coast of England, in addition to the explosive signal which is fired twice every 15 minutes. The bell will give two strokes in quick succession every 15 seconds.

#### SCOTLAND.

##### III. BELL ROCK—IMPROVEMENT OF LIGHT AND CHANGE IN FOG SIGNAL.

The Commissioners of Northern Lighthouses intend to change the period of the light shown from Bell Rock lighthouse from two minutes to one minute, and to increase the power of the light to 60,000 candles.

While the operations are in progress a temporary light will be shown from the tower of the same character as the improved light will be, viz., red and white flashes alternately, with an interval of 30 seconds between the flashes, but of weak power.

The bells at present rung during fog will be discontinued, and only the explosive signals will be used. While the work is in progress, instead of being fired from an arm raised above the lantern, they will be made by explosive rockets.

Operations at the lighthouse will, it is expected, be begun about the middle of April, and it is hoped they may be completed early in autumn, though this must necessarily depend on the prevailing weather and is therefore uncertain.

### NOTICE TO MARINERS.

No. 118 of 1901.

#### DOMINION OF CANADA—BRITISH COLUMBIA.

##### I. NANAIMO: GALLOWS POINT; CHANGE IN POSITION OF BEACON LIGHT.

The fixed red light, heretofore shown from the south extremity of the mine refuse dumps on Gallows point, at the entrance to Nanaimo harbour, eastern coast of Vancouver island, will, on the 31st instant, be discontinued.

On the same date a fixed red light will be established on the north edge of the mud flats, on the southern side of the channel opposite Gallows point.

Lat. N. 49° 10' 12"

Long. W. 123° 55' 31"

The fixed red light is elevated 18 feet above high water, and should be visible 3 miles from all points of approach by water. The illuminating apparatus is a pressed glass lens.

The light is shown from a small square wooden tower, 8 feet high, erected on a platform supported by piles. The tower is painted white, and the remainder of the structure black. The piles on which the tower stands are in 6 feet at an ordinary low water.

From the light the spire of the Wesleyan church bears S. 57° W., distant 5,030 feet; and the westerly extreme of Protection island coal wharf and west tangent of Protection island (cliff about 10 feet high) in line bear N. 50° W.

This notice affects Admiralty charts Nos. 573, 2512, 579 and 1917; British Columbia pilot, 1898, page 189; and Canadian list of lights and fog signals, 1901, No. 1503.

## II. NANAIMO HARBOUR—UNCHARTED ROCK SOUTH OF PROTECTION ISLAND.

Capt. J. T. Walbran, master of D.G.S. "Quadra," reports that a rock of small extent with 17 feet of water on it has been found in Nanaimo harbour, on which two steamers loading coal have recently grounded. The rock lies S. 48° E. about 45 feet distant from the outer southeastern extreme of the coal wharf at Protection island, and close to the 24 feet marked on Admiralty chart No. 573.

This notice affects Admiralty charts Nos. 573, 2512 and 579; and British Columbia pilot, 1898, page 188.

## III. DRYAD POINT LIGHTSTATION—DWELLING ADDED.

Since the lighthouse was established on Dryad point, Campbell island, northern entrance to Main passage, Seaforth channel, British Columbia, a keeper's dwelling house has been added to it, which somewhat changes the appearance of the station.

The dwelling house is on the shore side of the tower, and is connected with it by a porch. It is a rectangular wooden building with white walls and a brown roof.

This notice affects British Columbia pilot, 1898, page 412; and Canadian list of lights and fog signals, 1901, No. 1516.

## IV. ACTIVE PASS—PERIODICITY OF FOG ALARM.

Referring to part I of notice to mariners No. 6 of 1896, further notice is hereby given that in 1898 the characteristic of the steam fog horn maintained at Active pass lightstation, on Georgina point, Mayne island, Strait of Georgina, British Columbia, was changed. It now gives blasts of 10 seconds' duration, with intervals of 50 seconds between the blasts.

This notice affects Admiralty charts Nos. 2840, 3029, 579, 2689 and 1917; British Columbia pilot, 1898, page 129; and Canadian list of lights and fog signals, 1901, No. 1489.

## V. CARMANAH—GEOGRAPHICAL POSITION OF LIGHTHOUSE.

The geographical position of Carmanah lighthouse, southern coast of Vancouver island, as taken from Admiralty chart No. 1911, is as follows:—

Lat. N. 48° 36' 25"  
Long. W. 124° 45' 55"

This notice affects Canadian list of lights and fog signals, 1901, No. 1466.

## JAPAN.

### VI. SENGAI ROCK—BEACON LIGHT.

The Government of Japan gives notice that during the construction of a beacon light on Sengai rock, southeast of Nasakejima, Province of Surugoo, a red light elevated 15 feet above the water, recently exhibited, would be shown from a wooden scaffold. Should the light go out by accident there may be some delay in relighting it.

F. GOURDEAU,

Deputy-Minister of Marine and Fisheries,  
Department of Marine and Fisheries,  
Ottawa, Canada, 30th December, 1901.

N.B.—No further Notices to Mariners will be issued by the Government of Canada in 1901.

 All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

Pilots, masters, or others interested are earnestly requested to send information of dangers, changes in aids to navigation, notice of new shoals or channels, errors in publications, or any other facts affecting the navigation of Canadian waters, to the Chief Engineer, Department of Marine and Fisheries, Ottawa, Canada.

## NOTICE TO MARINERS.

No. 115 of 1901.

## DOMINION OF CANADA—NOVA SCOTIA.

### I. CANSO HARBOUR—HYDROGRAPHIC NOTES.

The following hydrographic notes were made by the Chief Engineer of this Department, as the result of an inspection of Canso harbour, east coast of Nova Scotia, made on 9th July, 1901:—

1. The bell buoy at the north entrance was found to be moored in a position distant  $3\frac{1}{2}$  cables S. 3° 30' W. from the point described in part II of notice to mariners No. 37 of 1900.

2. The Methodist church in the town of Canso is distant  $1\frac{1}{2}$  cables S. 35° E. from the point where the Wesleyan chapel is shown on Admiralty chart No. 2163. The Wesleyan chapel no longer exists were shown.

3. The Roman Catholic church, also shown on that chart, has been destroyed, and a large new church, the most conspicuous building in Canso, as seen from the water, is built on the hill top at a point  $1\frac{1}{2}$  cables N. 27° W. from the site of the old church.

4. The new Roman Catholic church steeple in line with the western extremity of Cutler island, bearing S. 11° 15' W., leads well to the eastward of Net and Whitman rocks. The clearing mark given on Admiralty chart No. 2163 of the steeple and lighthouse in one should be removed, as, with the church in its new position, they do not lead clear of Bald reef.

5. The signal staff, from which storm warnings are displayed, stands on the hillside 400 feet N. 27° W. from the Roman Catholic church.

6. The back beacon, shown on Admiralty chart No. 2163, to lead into the channel east of Cutler island is located on low ground,  $\frac{1}{2}$  cable N. 8° 30' E. from the point shown on the chart, or in the same alignment as shown. In note "n." on chart No. 2163, the words "Lanigan hill" should be replaced by "on shore."

7. In 1882 a cribwork breakwater, 290 feet long, with the ends and eastward side protected by slopes of heavy stone, was built by the Department of Public Works of Canada on the remains of Grave island to protect the harbour. It extends in the alignment of the beacons, and the front beacon stands on it.

8. Man of War rock is marked by a black can buoy moored  $\frac{1}{2}$  cable N. 45° E. from the rock.

This notice affects Admiralty charts Nos. 2163, 2517, 2342 and 729; St. Lawrence pilot, vol II, 1895, pages 264, 266, 269 and 270, and Supplement, 1900, to the sailing directions for the southeast coast of Nova Scotia and Bay of Fundy, page 5.

### II. GANNET SHOAL BUOY.

An iron can buoy, painted black, was on the 26th June, 1901, established by the Government of Canada off Gannet shoal, on the southeastern coast of Nova Scotia.

Lat. N. 45° 15' 28"  
Long. W. 60° 57' 30"

This buoy is moored in 19 fathoms water,  $\frac{1}{4}$  mile S.E. from the centre of the 3-fathom outer shoal, and is intended for the guidance of vessels bound through Andrew passage, or into Little Dover.

It will be maintained each year during the season of navigation, and taken up for the winter in December, and replaced again on the disappearance of ice on the coast in the spring.

This notice affects Admiralty charts Nos. 2518, 2517 and 729; and Sailing directions for the southeast coast of Nova Scotia and Bay of Fundy, 1894, page 51.

F. GOURDEAU,

Deputy-Minister of Marine and Fisheries.

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

SAML. E. ST. O. CHAPLEAU,  
Greffier du Sénat.

JOHN GEORGE BOURINOT,  
Greffier des Communes.

## RÈGLE SPÉCIALE DU SÉNAT.

49. (c.) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

## ORDRE PERMANENT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,  
Greffier du Sénat.

## RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revues par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(b.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(c.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51b. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débetures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

The Commissioners of Northern Lighthouses intend to change the period of the light shown from Bell Rock lighthouse from two minutes to one minute, and to increase the power of the light to 60,000 candles.

While the operations are in progress a temporary light will be shown from the tower of the same character as the improved light will be, viz., red and white flashes alternately, with an interval of 30 seconds between the flashes, but of weak power.

The bells at present rung during fog will be discontinued, and only the explosive signals will be used. While the work is in progress, instead of being fired from an arm raised above the lantern, they will be made by explosive rockets.

Operations at the lighthouse will, it is expected, be begun about the middle of April, and it is hoped they may be completed early in autumn, though this must necessarily depend on the prevailing weather and is therefore uncertain.

F. GOURDEAU,  
Deputy-Minister of Marine and Fisheries.

Department of Marine and Fisheries,  
Ottawa, Canada, 30th December, 1901.

All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

Pilots, masters, or others interested are earnestly requested to send information of dangers, changes in aids to navigation, notice of new shoals or channels, errors in publications, or any other facts affecting the navigation of Canadian waters, to the Chief Engineer, Department of Marine and Fisheries, Ottawa, Canada.

## NOTICE TO MARINERS.

No. 118 of 1901.

### DOMINION OF CANADA—BRITISH COLUMBIA.

#### I. NANAIMO: GALLOWES POINT; CHANGE IN POSITION OF BEACON LIGHT.

The fixed red light, heretofore shown from the south extremity of the mine refuse dumps on Gallowes point, at the entrance to Nanaimo harbour, eastern coast of Vancouver island, will, on the 31st instant, be discontinued.

On the same date a fixed red light will be established on the north edge of the mud flats, on the southern side of the channel opposite Gallowes point.

Lat. N. 49° 10' 12"

Long. W. 123° 55' 31"

The fixed red light is elevated 18 feet above high water, and should be visible 3 miles from all points of approach by water. The illuminating apparatus is a pressed glass lens.

The light is shown from a small square wooden tower, 8 feet high, erected on a platform supported by piles. The tower is painted white, and the remainder of the structure black. The piles on which the tower stands are in 6 feet at an ordinary low water.

From the light the spire of the Wesleyan church bears S. 57° W., distant 5,030 feet; and the westerly extreme of Protection island coal wharf and west tangent of Protection island (cliff about 10 feet high) in line bear N. 50° W.

This notice affects Admiralty charts Nos. 573, 2512, 579 and 1917; British Columbia pilot, 1898, page 189; and Canadian list of lights and fog signals, 1901, No. 1503.

#### II. NANAIMO HARBOUR—UNCHARTED ROCK SOUTH OF PROTECTION ISLAND.

Capt. J. T. Walbran, master of D.G.S. "Quadra," reports that a rock of small extent with 17 feet of water on it has been found in Nanaimo harbour,

on which two steamers loading coal have recently grounded. The rock lies S. 48° E. about 45 feet distant from the outer southeastern extreme of the coal wharf at Protection island, and close to the 24 feet marked on Admiralty chart No. 573.

This notice affects Admiralty charts Nos. 573, 2512 and 579; and British Columbia pilot, 1898, page 188.

### III. DRYAD POINT LIGHTSTATION—DWELLING ADDED.

Since the lighthouse was established on Dryad point, Campbell island, northern entrance to Main passage, Seaforth channel, British Columbia, a keeper's dwelling house has been added to it, which somewhat changes the appearance of the station.

The dwelling house is on the shore side of the tower, and is connected with it by a porch. It is a rectangular wooden building with white walls and a brown roof.

This notice affects British Columbia pilot, 1898, page 412; and Canadian list of lights and fog signals, 1901, No. 1516.

### IV. ACTIVE PASS—PERIODICITY OF FOG ALARM.

Referring to part I of notice to mariners No. 6 of 1896, further notice is hereby given that in 1898 the characteristic of the steam fog horn maintained at Active pass lightstation, on Georgina point, Mayne island, Strait of Georgina, British Columbia, was changed. It now gives blasts of 10 seconds' duration, with intervals of 50 seconds between the blasts.

This notice affects Admiralty charts Nos. 2840, 3029, 579, 2689 and 1917; British Columbia pilot, 1898, page 129; and Canadian list of lights and fog signals, 1901, No. 1489.

### V. CARMANAH—GEOGRAPHICAL POSITION OF LIGHTHOUSE.

The geographical position of Carmanah lighthouse, southern coast of Vancouver island, as taken from Admiralty chart No. 1911, is as follows:—

Lat. N. 48° 36' 25"

Long. W. 124° 45' 55"

This notice affects Canadian list of lights and fog signals, 1901, No. 1466.

### JAPAN.

#### VI. SENGAI ROCK—BEACON LIGHT.

The Government of Japan gives notice that during the construction of a beacon light on Sengai rock, southeast of Nasakejima, Province of Surroo, a red light elevated 15 feet above the water, recently exhibited, would be shown from a wooden scaffold. Should the light go out by accident there may be some delay in relighting it.

F. GOURDEAU,

Deputy-Minister of Marine and Fisheries.

Department of Marine and Fisheries,

Ottawa, Canada, 30th December, 1901.

N.B.—No further Notices to Mariners will be issued by the Government of Canada in 1901.

 All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

Pilots, masters, or others interested are earnestly requested to send information of dangers, changes in aids to navigation, notice of new shoals or channels, errors in publications, or any other facts affecting the navigation of Canadian waters, to the Chief Engineer, Department of Marine and Fisheries, Ottawa, Canada.

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, provenant du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

49. (c.) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

## ORDRE PERMANENT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,  
Greffier du Sénat.

## RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les clauses des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revues par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur révision et impression ;

(b.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(c.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51b. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débiteures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,  
Greffier des Communes.

*Résolu*,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

(Circular.)

DOWNING STREET,  
28th December, 1901.

SIR,—With reference to my circular despatch of the 25th August, 1900, enclosing copies of a Memorandum issued by the Board of Agriculture relating to the importation into Great Britain of dogs brought from abroad, I have the honour to acquaint you that the Board have informed me that, in view of the fact that rabies, whilst very prevalent abroad, is believed to have been finally eradicated in the United Kingdom, they have considered it a favourable opportunity to issue regulations which, although not differing in character from those at present in force in so far as they require all dogs landed from abroad to undergo a period of quarantine, yet lay down more specific and stringent rules on the subject, and I accordingly transmit to you for such publication in the Colony under your Government as you may think desirable, copies of the Importation of Dogs Order of 1901 and of a Memorandum thereon.

2. The Board have observed that the new Order will not have full effect prior to the 15th March next, and that in the meantime the landing of dogs other than performing dogs intended to be kept in this country will be authorized on conditions substantially the same as those which have hitherto obtained.

I have the honour to be,

Sir,

Your most obedient, humble Servant,

J. CHAMBERLAIN.

The Officer Administering  
the Government of Canada.

## DISEASES OF ANIMALS ACTS, 1894 AND 1896.

## IMPORTATION OF DOGS INTO GREAT BRITAIN.

On and after the 1st day of January, 1902, the landing in Great Britain of dogs from abroad will only be permitted subject to the provisions of the Importation of Dogs Order of 1901, which in effect requires that after the 15th of March next every imported dog shall be detained and isolated at the expense of its owner upon premises in the occupation or under the control of a veterinary surgeon for a period of six calendar months from the date of landing.

Until the 15th of March next dogs will be allowed to land upon conditions substantially the same as at present.

The disease of rabies having ceased to exist both in Great Britain and Ireland, it has become of the utmost importance that the most effective steps should be taken to prevent its re-introduction from abroad, and the Board have felt it incumbent upon them, in the interests of dog owners in this country, to amend their regulations in the manner above described, and to warn persons who may propose to travel that after the above mentioned date the isolation and detention of dogs on the private premises of their owners can no longer be sanctioned.

By the Dogs (Landing from Ireland) Revocation Order of 1901, the restrictions on the movement of dogs between Ireland and Great Britain have been removed.

T. H. ELLIOTT,  
Secretary.

Board of Agriculture,  
4 Whitehall Place,  
London, S.W., December, 1901.

## BOARD OF AGRICULTURE.

## IMPORTATION OF DOGS ORDER OF 1901.

The Board of Agriculture desire to draw the attention of Local Authorities and of the public generally to the provisions of this Order, which regulates the landing in Great Britain of dogs brought from any country except Ireland, the Channel Islands, or the Isle of Man.

This Order, which consolidates and amends the Importation of Dogs Order of 1897 and the Orders amending it, takes effect from the 1st of January, 1902, except as to Article 2 which is particularly referred to hereafter. It will be observed that no imported dog is allowed to be landed in Great Britain without a licence of the Board of Agriculture obtained previous to landing.

Until the 15th March next, the landing of dogs will be authorized under substantially the same conditions as to detention and isolation as have hitherto obtained. After the 15th March the landing of dogs will be subject to Article 2 of the Order, which expressly provides that every imported dog must be detained and isolated at the expense of its owner upon premises in the occupation or under the control of a veterinary surgeon, which shall have been previously approved in writing by the Board for that purpose, for a period of six calendar months, during which period the dog may not be moved from the place of detention except as provided in that Article. This Article does not apply in the case of an imported dog which is intended to be exported from Great Britain within forty-eight hours, or of a performing dog, with regard to the detention and isolation of which special conditions will be imposed by the licence authorizing its landing.

## CONDITIONS OF LICENCES.

The Board may insert in any licence granted by them authorizing the landing of an imported dog, such further conditions as they think necessary or desirable for prescribing and regulating the detention and isolation of the dog, upon the place of detention authorized in the licence, or for any of the purposes set forth in Article 3 of the Order.

Every dog which is brought to Great Britain from any other country except Ireland, the Channel Islands, or the Isle of Man, and which is not accompanied by

a licence issued by the Board of Agriculture authorizing the landing of the dog in Great Britain must at all times while on board a vessel in any port in Great Britain be (a) secured to some part of the vessel by a collar and chain and muzzled with a wire cage muzzle so constructed as to render it impossible for such dog while wearing the same to bite any person or animal, but not so as to prevent such dog from breathing freely or lapping water; or (b) confined in an enclosed part of the vessel from which the dog cannot escape. And if any such dog die, or be lost from such a vessel, the person in charge of the dog is required forthwith to give notice of such death or loss to the Board.

The Memorandum A 160/A as to the Importation of Dogs into Great Britain from abroad, dated the 8th August, 1900, will cease to have effect when Article 2 of this Order comes into operation.

In order that as little inconvenience as possible may be caused in the enforcement of the Order, the Board trust that local authorities will assist them by taking steps to make its contents known as widely as possible in their districts.

T. H. ELLIOTT,  
Secretary.

## ORDER OF THE BOARD OF AGRICULTURE.

(Dated 12th December, 1901.)

## IMPORTATION OF DOGS ORDER OF 1901.

The Board of Agriculture, by virtue and in exercise of the powers in them vested under the Diseases of Animals Acts, 1894 and 1896, and of every other power enabling them in this behalf, do order, and it is hereby ordered, as follows:

*Restriction on Importation of Dogs.*

1. An imported dog, that is to say, a dog brought to Great Britain from any other country, except Ireland, the Channel Islands and the Isle of Man, shall not be landed in Great Britain unless its landing is authorized by a licence of the Board previously obtained, and when landed it shall be subject to the provisions of this Order, and to the conditions inserted in any licence authorizing its landing.

*Detention and Isolation of Imported Dogs.*

2. (1.) An imported dog shall, for a period of six calendar months after its landing, be detained and isolated at the expense of its owner upon premises in the occupation, or under the control, of a veterinary surgeon, which shall have been previously approved in writing by the Board for that purpose, and such premises are in this Order referred to as the "place of detention."

(2.) During the said period the dog shall not be moved from the place of detention except to another place of detention or to a vessel for exportation, and in either case only with a licence of the Board authorizing such movement.

(3.) This Article shall not apply to (a) an imported dog which is shown to the satisfaction of the Board to be a *bonâ fide* performing dog; or (b) to an imported dog which is intended to be exported from Great Britain within forty-eight hours after its landing; but every such dog shall be subject to the other Articles of this Order.

(4.) This Article shall come into operation on the fifteenth day of March, one thousand nine hundred and two.

*Conditions of Licence.*

3. The Board may insert in any licence granted by them under this Order authorizing the landing of an imported dog such conditions as they think necessary or desirable for the following purposes:

(i) for prescribing and regulating the detention and isolation of the dog so far as the same is not prescribed and regulated by this Order;

- (ii) for prescribing the person by whom and the premises on which the dog shall be detained and isolated ;
- (iii) for regulating the movement of the dog to the place of detention, or vessel for exportation, and for prohibiting or regulating its movement during a period of six calendar months after its landing, or until its exportation, as the case may be ;
- (iv) for prescribing the confinement of the dog in a suitable hamper, crate, box, or other receptacle during the movement of the dog by railway, or along a highway or thoroughfare ;
- (v) for prescribing the mode of isolation of the dog ;
- (vi) for prescribing the muzzling of the dog ;
- (vii) for prescribing the notice to be given of the death or loss of the dog, or of any matter arising in connection with the movement, detention, or isolation of the dog and the persons by whom and to whom the notice is to be given ; and
- (viii) for prescribing the production of a licence for inspection by an officer of the Board, or constable, or officer of Customs.

*Notice of Detention in case of Illegal Landing.*

4.—(1.) Where an imported dog has been landed in contravention of this Order or of any Order hereby revoked, the Board, or an Inspector of the Board, may give notice to the owner or person in charge of the dog requiring that, within a time specified in such notice, the dog shall be moved (a) to a vessel for exportation, or (b) to a place of detention for the purpose of detention and isolation in accordance with the provisions of such notice.

(2.) Such provisions may be inserted in the notice as the Board may think necessary or desirable for any of the purposes mentioned in the preceding article.

(3.) A notice under this article may, subject to any instructions issued by the Board, be given by an Inspector of the Local Authority.

(4.) If the owner or person in charge of the dog, after receipt of such notice, fails to move the dog as required by the notice, he shall be deemed guilty of an offence against the Act of 1894.

*Withdrawal of Licence in cases of Default.*

5.—(1.) If the owner or person in charge of an imported dog is convicted of an offence under this Order in relation to the dog, the Board, or an Inspector of the Board, may give notice to such owner or person in charge, requiring him to move the dog to a vessel for exportation within a time specified in such notice.

(2.) If the owner or person in charge of the dog, after receipt of such notice, fails to move the dog as required by the notice, he shall be deemed guilty of an offence against the Act of 1894.

*Re-landing prohibited of Imported Dogs moved to Vessels for Exportation.*

6. An imported dog which has been moved to a vessel for exportation in accordance with a licence or notice under this Order shall not be relanded in Great Britain without a licence of the Board authorizing such landing.

*Seizure of Dogs in case of Default.*

7.—(1.) If an imported dog is not detained and isolated as required by this Order or by the conditions or provisions of any licence or notice thereunder, an Inspector of the Board may seize the dog and thereupon the Board shall detain and isolate it at the place of detention specified in the licence or notice, or any other place of detention selected by them, in accordance with the requirements of this Order or the said conditions or provisions.

(2.) If the owner of the dog does not, within ten days after the expiration of the period of detention specified in this Order or in the licence or notice, claim the said dog from the Board and pay to them their expenses of detaining and isolating the dog, the Board may destroy or otherwise dispose of the dog as they think expedient.

*Proceedings under Customs Act for Unlawful Landing.*

8.—(1.) If any person lands or attempts to land a dog in contravention of this Order, he shall be liable,

under and according to the Customs Acts, to the penalties imposed on persons importing or attempting to import goods the importation whereof is prohibited by or under the Customs Acts, without prejudice to any proceedings against him under the Act of 1894 for an offence against that Act.

(2.) The dog in respect whereof the offence is committed shall be forfeited under and according to the Customs Acts in like manner as goods the importation whereof is prohibited by or under the Customs Acts.

*Detention of Dogs on Vessels in Port.*

9.—(1.) Every dog to which this article applies shall at all times while on board a vessel in any port in Great Britain be—

- (a) secured to some part of the vessel by a collar and chain and muzzled with a wire cage muzzle so constructed as to render it impossible for such dog while wearing the same to bite any person or animal, but not so as to prevent such dog from breathing freely or lapping water ; or
- (b) confined in an enclosed part of the vessel from which the dog cannot escape.

(2.) If any dog to which this Article applies shall die, or be lost from a vessel, in any port in Great Britain, the person in charge of the dog shall forthwith give notice of such death or loss to the Board.

(3.) The provisions of this Article shall apply to every imported dog which is not accompanied by a licence issued by the Board authorizing the landing of such dog in Great Britain.

*Extension of certain Sections of Diseases of Animals Act, 1894.*

10. Dogs shall be animals, and rabies shall be a disease, for the purposes of the following sections of the Act of 1894 (namely) :

- Section forty-three (powers of police) ;
- Section forty-four (powers of inspectors) ;
- Section fifty-six (unlawful landing) ;

and also for the purposes of all other sections of the said Act containing provisions relative to or consequent on the provisions of those sections and this Order, including such sections as relate to offences and legal proceedings.

*Local Authority to enforce Order.*

## (15) GULF OF ST. LAWRENCE—TRACADIE—BACK RANGE LIGHT RE-ERECTED.

The tower from which the inner or back light was exhibited at the west entrance to Tracadie bay, was overturned and damaged by a gale on 11th October, 1900, and while it was inoperative a temporary pole light was maintained.

The tower was re-erected in February, 1901, the light shown as usual therefrom on the opening of navigation in the spring of 1901, and the temporary light discontinued.

The tower is a white square wooden building with sloping sides, and is 26 feet high.

The light is a fixed red catoptric light, elevated 24 feet above high water mark, and should be visible 8 miles.

## (16) JUAN DE FUCA STRAIT APPROACH—CURRENTS.

With reference to the remarks on the currents prevailing on the western coast of Vancouver island, given on page 11 of British Columbia pilot, 2nd edition, 1898, and to the comments thereon contained in Canadian notice to mariners No. 40 of 1901, part ii, the Hydrographer of the Admiralty now states that recent observations obtained by Commander C. H. Simpson, H.M. surveying vessel "Egeria," whilst at anchor in various positions on Swiftsure bank during the month of July, 1901, show that, although the set of the surface water depends somewhat on tidal influence, the preponderating movement is in a westerly direction, from west, through north, to south.

Further observations are required before any detailed account can be given, but it is evident that

the statement that a southeasterly current prevails on the western coast of Vancouver island more or less throughout the year is erroneous.

The paragraph respecting the currents on page 11 of the above mentioned pilot will be amended in the next supplement.

Approximate position : Swiftsure bank, lat 48° 34' N., long. 124° 59' W.

(17) VANCOUVER ISLAND EAST COAST—SIDNEY—  
BUOYS RE-ESTABLISHED.

The two red spar buoys that formerly marked the outer edge of the shoal ground off Sidney, discontinued in 1901, see part 1 of notice to mariners No. 27 of 1901), have been re-established in their old positions.

The more southerly buoy is on the southeastern shoulder of the shoal, south of the settlement.

(1) VICTORIA HARBOUR—BROTCHY LEDGE—DESCRIPTION AND COLOUR OF BEACON.

The commanding officer of the U.S.S. "Alert" has drawn attention to an error in the description of this beacon, in Canadian list of lights and fog signals, 1901.

The beacon consists of the frustum of a cone in steel, filled with concrete. The top of the beacon is 10 feet in diameter, and rises 10 feet above high water mark. The superstructure consists of an open framework in steel, supporting the fog horn and the incandescent electric lamps. This framework is in the shape of the frustum of a square pyramid. The lamps are 12 feet above the concrete, or 22 feet above high water mark. The whole of the beacon, including the open framework superstructure, is painted black.

Circulaire.

DOWNING STREET,  
28 décembre 1901.

MONSIEUR,—Relativement à ma dépêche circulaire du 25 août 1900, renfermant copie d'un memorandum émis par le Conseil de l'Agriculture au sujet de l'importation dans la Grande-Bretagne de chiens venant de l'étranger, j'ai l'honneur de vous faire savoir que le conseil m'a informé que vu la conviction que la rage qui sévit encore à l'étranger est finalement extirpée du Royaume-Uni, l'occasion est favorable pour publier des règlements qui, tout en ne s'écartant point de ceux qui sont aujourd'hui en vigueur en tant qu'ils exigent que tous les chiens venant de l'étranger subissent une période de quarantaine, posent cependant des règles plus strictes et sévères sous ce rapport, et je vous transmets en conséquence pour être publiés dans la colonie que vous administrez, copies de l'arrêté concernant l'importation des chiens de 1901, et d'un memorandum s'y rattachant.

2. Le conseil a remarqué que le nouvel arrêté n'aura pas force d'exécution avant le 15 mars prochain, et dans l'intervalle les chiens destinés à rester dans ce pays pourront être débarqués aux mêmes conditions que celles qui ont existé jusqu'à présent.

J'ai l'honneur d'être,

Monsieur,

Votre très humble serviteur,

J. CHAMBERLAIN.

A l'Administrateur  
du gouvernement du Canada.

## ACTES CONCERNANT LES MALADIES DES ANIMAUX, 1894 ET 1896.

## IMPORTATION DE CHIENS DANS LA GRANDE-BRETAGNE.

A compter du 1er jour de janvier 1902, le débarquement en la Grande-Bretagne de chiens venant de l'étranger ne sera permis qu'en vertu des dispositions de l'Arrêté de 1901 concernant l'importation des

chiens, qui exige en substance qu'après le 15 de mars prochain, chaque chien importé sera détenu et isolé aux frais de son propriétaire sur des lieux occupés ou sous le contrôle d'un vétérinaire, pendant une période de six mois de calendrier à compter de la date du débarquement.

Jusqu'au 15 de mars prochain, les chiens pourront être débarqués aux mêmes conditions qu'à présent.

La maladie de la rage ayant cessé d'exister et dans la Grande-Bretagne et en Irlande, il est devenu de la plus haute importance que des mesures très effectives soient prises pour empêcher sa réintroduction de l'étranger, et le conseil a compris qu'il lui incombait, dans l'intérêt des propriétaires de chiens dans ce pays, de modifier ses règlements comme susdit, et d'avertir les personnes qui se proposeraient de voyager, qu'après la date ci-dessus mentionnée l'isolation et la détention de chiens sur la propriété privée de leurs propriétaires ne seront plus sanctionnées.

Par l'Arrêté de 1901 concernant le débarquement des chiens venant de l'Irlande, les restrictions concernant le mouvement des chiens entre l'Irlande et la Grande-Bretagne ont été abolies.

Secrétaire.

Conseil de l'Agriculture,

#### CONSEIL DE L'AGRICULTURE.

##### ARRÊTÉ DE 1901 CONCERNANT L'IMPORTATION DES CHIENS.

Le Conseil de l'Agriculture désire attirer l'attention des autorités locales et du public généralement aux dispositions du présent arrêté qui réglemente le débarquement dans la Grande-Bretagne de chiens amenés de tout autre pays sauf l'Irlande, les îles de la Manche, ou l'île de Man.

Le présent arrêté qui refond et modifie l'Arrêté de 1897 concernant l'importation des chiens, et les arrêtés qui le modifient, devient exécutoire le 1er de janvier 1902, sauf quant à l'article 2 qui est plus particulièrement mentionné plus loin. L'on remarquera que nul chien importé ne peut être débarqué dans la Grande-Bretagne sans une licence du Conseil de l'Agriculture obtenue avant le débarquement.

Jusqu'au 15 de mars prochain, le débarquement des chiens sera autorisé, en substance, aux mêmes conditions quant à la détention et l'isolement qu'autrefois. Après le 15 de mars le débarquement des chiens sera assujéti à l'article 2 de l'arrêté, qui déclare expressément que chaque chien importé doit être détenu et isolé aux frais de son propriétaire sur des lieux occupés ou sous le contrôle d'un vétérinaire, qui auront été préalablement approuvés à cette fin par écrit du conseil, pour une période de six mois de calendrier, période durant laquelle le chien ne peut être sorti du lieu de détention qu'en la manière prévue par le dit article. Cet article ne s'applique pas dans le cas d'un chien que l'on se propose d'exporter de la Grande-Bretagne sous quarante-huit heures, ou d'un chien dressé, à l'égard desquels les conditions spéciales seront imposées par la licence qui autorise le débarquement.

##### CONDITIONS DES LICENCES.

Le conseil peut insérer dans toute licence qui autorise le débarquement d'un chien importé, toutes autres conditions qu'il jugera nécessaires ou à propos pour réglementer la détention ou l'isolement du chien à l'endroit de détention autorisé dans la licence, ou pour aucune des fins annoncées dans l'article 3 de l'arrêté.

Chaque chien qui est amené à la Grande-Bretagne de tout pays autre que l'Irlande, les îles de la Manche, ou l'île de Man, et qui n'est pas accompagné d'une licence délivrée par le Conseil de l'Agriculture autorisant le débarquement du chien dans la Grande-Bretagne doit, tout le temps qu'il est à bord d'un vaisseau dans un port quelconque de la Grande-Bretagne, (a) être attaché à quelque partie du vaisseau au moyen d'un collier et d'une chaîne, et muselé par une muselière en fil métallique construite de manière à mettre le chien qui la porte dans l'impossibilité de mordre

une personne ou un chien, mais non l'empêcher de respirer librement ou de laper de l'eau; ou (b) enfermé dans une partie du vaisseau d'où le chien ne peut s'échapper. Et si un tel chien meurt, ou est perdu de ce vaisseau, la personne en charge du chien est tenue d'avertir immédiatement le conseil de cette mort ou perte.

Le memorandum A 160 A concernant l'importation des chiens dans la Grande-Bretagne, de l'étranger, daté le 8 août 1900, cessera d'être exécutoire lorsque l'article 2 du présent entrera en vigueur.

Afin que la mise à exécution de l'arrêté cause le moins d'ennuis possible, le conseil espère que les autorités locales l'aideront à bien faire connaître ses dispositions dans leurs districts respectifs.

Secrétaire.

##### ARRÊTÉ DU CONSEIL DE L'AGRICULTURE. (Daté 12 décembre 1901).

##### ARRÊTÉ DE 1901 CONCERNANT L'IMPORTATION DES CHIENS.

Le Conseil de l'Agriculture, dans l'exercice des pouvoirs qui lui sont conférés par les Actes concernant les maladies des animaux, 1894 et 1896, et de tout autre pouvoir lui appartenant, ordonne, et il est par le présent ordonné, comme suit :—

##### *Restriction à l'importation des chiens.*

1. Un chien importé, c'est-à-dire un chien amené à la Grande-Bretagne de tout pays autre que l'Irlande, les îles de la Manche et l'île de Man, ne sera débarqué dans la Grande-Bretagne que si son débarquement est autorisé par une licence préalablement obtenue du conseil, et une fois débarqué il sera assujéti aux dispositions du présent arrêté et aux conditions insérées dans toute licence autorisant son débarquement.

##### *Détention et isolement des chiens importés.*

2.—(1) Un chien importé sera, pendant une période de six mois de calendrier après son débarquement, détenu et isolé aux frais de son propriétaire sur des lieux occupés ou contrôlés par un vétérinaire, préalablement approuvés à cette fin par écrit du conseil, et ces lieux sont appelés dans le présent arrêté "endroit de détention".

(2) Pendant la dite période le chien ne sera pas déplacé de l'endroit de détention sauf à un autre endroit de détention ou à un vaisseau pour exportation, et dans l'un ou l'autre cas qu'avec une licence du conseil autorisant ce déplacement.

(3) Le présent article ne s'appliquera pas (a) à un chien importé qui est reconnu par le conseil comme chien dressé; ou (b) à un chien importé que l'on se propose d'exporter de la Grande-Bretagne sous quarante-huit heures après son débarquement; mais chaque tel chien sera assujéti aux autres articles du présent arrêté.

(4) Le présent article deviendra exécutoire le quinzième jour de mars mil neuf cent deux.

##### *Conditions des licences.*

3. Le conseil pourra insérer, dans toute licence qu'il délivrera en vertu du présent arrêté autorisant le débarquement d'un chien importé, les conditions qu'il jugera nécessaires ou désirables pour les fins suivantes :—

- (i) prescrire et réglementer la détention et isolement du chien, en tant que la chose n'est pas prescrite et réglementée par le présent arrêté.
- (ii) désigner la personne qui détiendra le chien et l'endroit où il sera isolé;
- (iii) réglementer le mouvement du chien à l'endroit de détention, ou le vaisseau pour l'exportation, et prohiber ou réglementer son mouvement pendant une période de six mois de calendrier après son débarquement, ou jusqu'à son exportation, selon le cas;

- (iv) prescrire comment sera renfermé un chien dans un panier, boîte ou autre réceptacle pendant son transport par chemin de fer, ou le long d'un grand chemin ou route ;
- (v) prescrire le mode d'isolement du chien ;
- (vi) prescrire le musèlement du chien ;
- (vii) prescrire l'avis à donner de la mort ou perte du chien, ou de toute chose provenant du déplacement, détention ou isolement du chien, et les personnes auxquelles l'avis sera donné, et qui le donneront ; et
- (viii) prescrire la production d'une licence pour inspection par un officier du conseil, ou constable, ou officier des douanes.

*Avis de détention en cas de débarquement illégal.*

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, prennent du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

*Résolu.*—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,  
Greffier des Communes.
